General Information:

Seating Options

- Modular seating risers. Will seat up to 100 seats depending on configuration.
- Must use own labor to arrange seats.

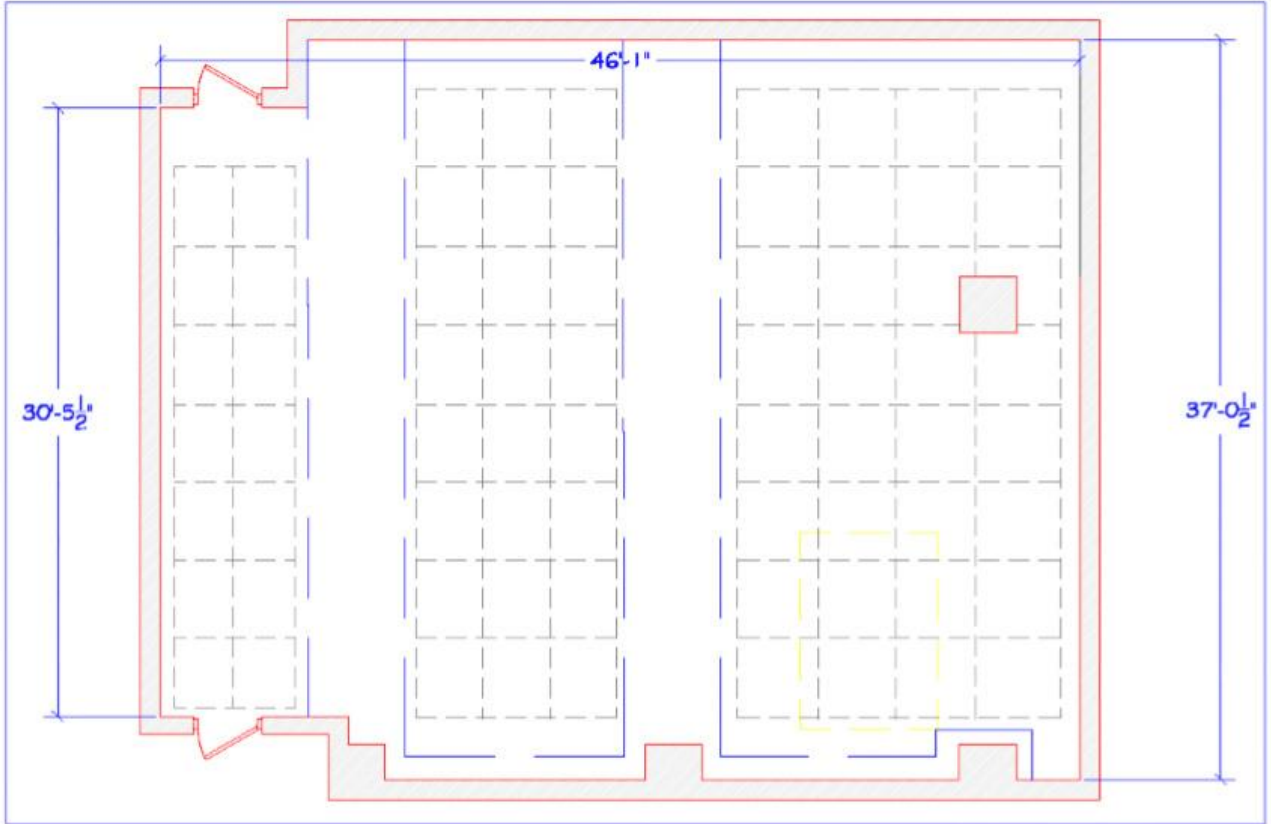

Other

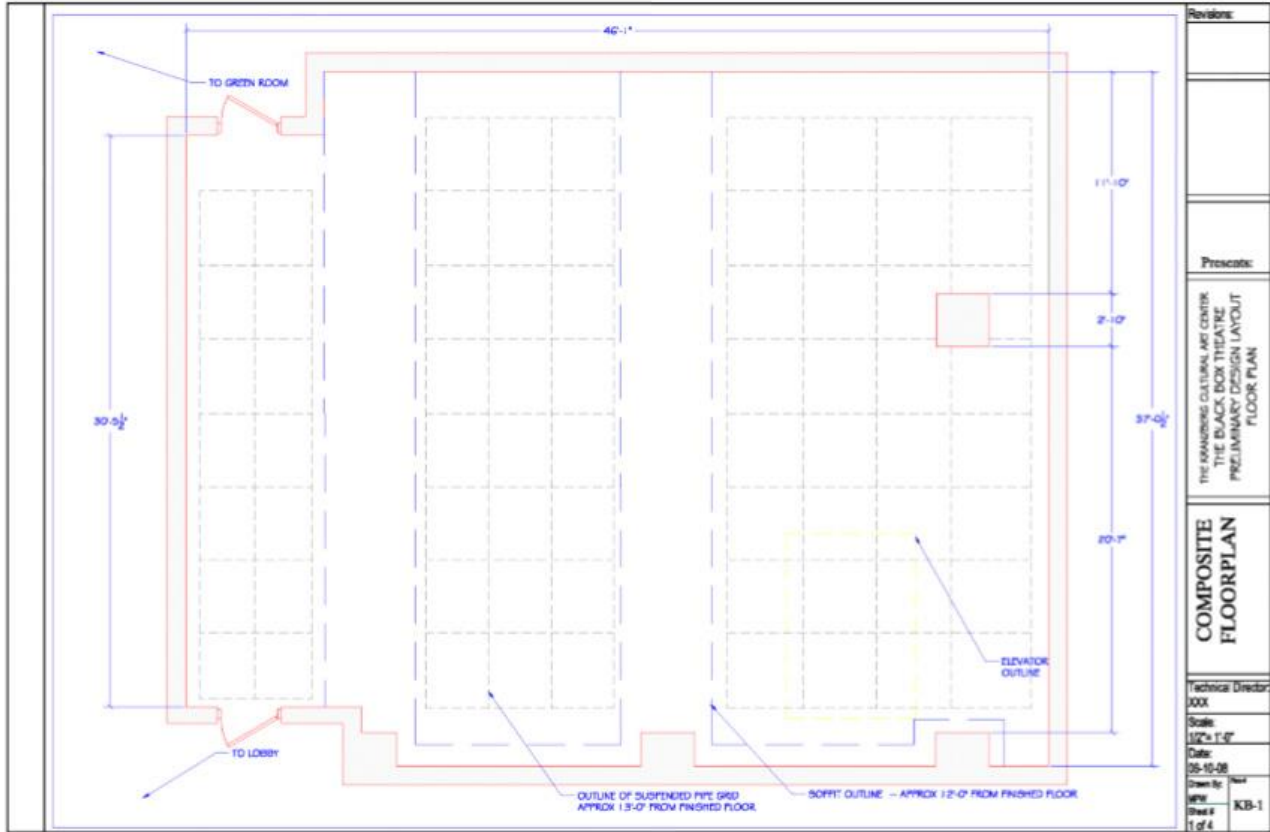

- Must run own show. Kranzberg Arts Center provides no staff or faculty for shows unless otherwise agreed upon.
- JBL speakers are loose hung on pipe clamps. It is the responsibility of the sound crew to hang the speakers where they desire and connect all speakers into the system. Cables are provided.
- All components of this system are housed in the sound rack.
- The sound rack and tables are rolling and will need to be placed where desired as long as it is within 25' of the power source in the northeast corner of the spaces.

You will find drawings of the space attached. Should you have any further questions about the Kranzberg Arts Center Black Box Theatre or if you would like to know the availability or rental rates, please contact:
